

*This week has been a very busy week.
Full of activities and visitors to the school.*

Tuesday - an E-Safety consultant was in school to run workshops in each year group and an assembly to the whole school.

Wednesday - Sports' Day

Thank you for coming to cheer on your very determined children. As always the final results were very close.

Many congratulations to Badgers who won the relay and then went on to win the Sports Day Trophy for the third year running. *Congratulations* must also go to the members of the other houses who also had success in individual events.

Thank you, Mr Willcox for organising the afternoon.

Thursday

The Pump House Theatre group were invited to visit our school and perform and explain Morris dancing. Year 4 classes would like to thank the performers for a very entertaining afternoon.

YEAR 5 - As mentioned in last week's newsletter our Year 5 pupils participated in the Music Festival being held by the School of Music to perform the songs composed with our visiting composer, Adam Saunders. They sounded amazing.

**The Summer Concert is being held on
Monday, 18 June at 7.00pm**

Thank you to those parents and relatives who have indicated that they will be attending the concert. Your children should be wearing their school uniforms and be dropped off at 6.30pm.

The Choir will not be performing.

A Cello lesson will be held on Monday at 8.30am to practise their concert pieces.

Year 5 - The last day to register on line for the secondary transfer test is Friday, 22 June

LOST PROPERTY

Please do not hesitate to come into school if you wish to check the lost property trolley. It is once more overloaded. We will try to put the trolley on the playground at the end of the day for parents to check.

USE OF LINK BOOK AND EMAIL

Please do not use your child's link book or personal email to report absences or appointments. Both are unreliable ways of passing on information. Please send in a written note or leave a message on our school answerphone.

HEAD LICE

Cases of head lice have been reported. It is very important that parents check their child's hair regularly. Long hair should always be tied back to try and reduce incidents of head lice but also for health and safety reasons during PE.

PARKING

A resident has reported to the school that she saw a Black Vauxhall bang into her parked car in Tucker Street this week. She approached the parent who would not accept responsibility. Please be aware that if there are too many incidents of this nature the parking concessions may be taken away from the school. **CAREFUL PARKING IS ESSENTIAL NEAR SCHOOL.**
