Dear Parents/Carers of children who are learning from home.

Thank you so much for all your patience and the fantastic effort you are putting into helping your children with their online learning- the class teachers are really proud of all the work that your children are handing in online.

Well done children, we are really impressed with the work you are completing and your motivation. Your teachers are enjoying having the contact with you each day and look forward to seeing your work.

The Class teachers are using new technology and are having to learn new skills and a very different way of teaching. They are giving me feedback regularly of the children's work and how their days are going.

We have had a Virtual meeting this afternoon, as a staff team, and you may see some slight changes to remote learning based on our discussions.

I need to ensure that the well-being and workload of my staff is paramount alongside ensuring that the children are learning to the best of their ability in this difficult time.

Please could you ask your children, when they log on each day, to check the main stream for teachers comments as they may direct the children to check the previous work and make any corrections.

There may be instances where there will be a whole class comment and individual children will be notified if their Class Teacher needs to give them further support.

Please note that work set on a Friday will be set by SLT and will not be monitored throughout the day as they will be independent activities for the children to carry out.

Thank you, once again

Miss J Brooks

Headteacher
